

Camper Rules

Reservations for campers require a fee of \$100. This fee must be paid at the time of the time of the reservation. No "over the phone" reservations will be taken unless a faxed copy of the customers military ID is sent to the equipment rental office at (318) 456-1207, the fee is paid, and the customer knows the camper number that is to be rented.

Card holder is solely responsible and must be present for checking the camper in and out; we will not deal with any other person.

The customer is responsible for all damages to the camper and its equipment. Prior to renting, the customer is required to review and sign the checklist. It takes a minimum of 1 hour to prepare the camper and go through the checklist with the customer. Customers therefore need to be at equipment rental 1 hour early to prepare, get briefed, and have any questions answered.

Customers can make arrangements with the staff to come in a day early to go over the checklist. Campers must be returned at least 1 hour prior to closing. The customer is responsible for knowing what time Equipment Rental closes on the day they return. The minimum charge for any repair on campers is \$25 plus parts.

- The trailer is clean as per the cleaning list
- The sewage tank (black water) and gray water tanks are dumped flushed, rinsed, and emptied **BEFORE RETURNING NO EXCEPTIONS**
