

Bouncy Rules

All bouncy reservations must be paid for at the time of the reservation, no over the phone reservations will be taken unless the 1/2 payment is received by credit card.

ALL Bouncy Castles Must be put in an uncovered pickup (*no camper covers or bed covers*) or trailer.

Customer may arrive after 1000 in the morning on the weekend to pick up the equipment. They must have a **TRUCK (AN SUV IS NOT A TRUCK)** or pay the additional cost of a rental trailer to put the bouncy in. SUV are too difficult for the staff to put a bouncy inside and it has the potential of ripping and scaring the bouncy.

A person with a military ID must be on hand to pick up and return equipment. **All bouncy equipment must be returned the following day by 0930 on the week end and 0830 on the week day.** Any late returns will incur another days charge for being late. ***NO EXCEPTIONS*** (*church is not an exception, people who have reserved the bouncy after you expect to get it on time just like you*).

ALL Bouncy Castles must be returned clean!

Customer is responsible for the **cleaning** out of all grass, dirt, sand and debris that is brought into the bouncing and slide area. It must be blown or vacuumed; it must be wiped down with a damp towel.

Absolutely **No pets** are to be inside or around the inflatable.

Thank you the Management
